

## **EMDRC Property COVID - 19 Safe Plan – (Revised 14 January 2022)**

The Victorian Government has recently updated “Staying COVIDSafe” advice and the following provides a summary which forms the EMDRC Clubrooms COVID safe plan.

It is our responsibility to ensure all members, participants and visitors adhere to the Victorian Governments directives outlined on the DHHS website.

The clubrooms can only be opened by a Club member who must remain the Person Responsible for the entire time the rooms are open. **If you open the rooms then you are responsible/COVID Marshal.**

The Person Responsible/COVID Marshal must ensure each of the following opening conditions are closely adhered to as the EMDRC representative.

- ✓ **COVID-19 Marshals are a requirement at all clubroom events.**

Duties are to ensure that all attending persons, check in using the Services Victoria QR system located at both points of entry and monitor vaccination status. If any attendee is unable to check in themselves, then the COVID Marshal must assist.

Those attending should be asked whether or not they have been experiencing any of the following symptoms: Fever, cough, tiredness, cold, sore throat, runny nose, shortness of breath or headache. Persons with these symptoms should be respectfully asked not to attend or enter the building.

**Persons not wishing to have their details recorded should be refused access.**

**Visitors must be fully vaccinated to access our clubrooms unless they have a medical exemption or are under 12 years and 2 months of age.**

- ✓ **Face masks are required indoors (except at home) for everyone aged 8 and above at all times, unless an exception applies.**

**We strongly recommend that you wear a face mask outdoors, if you can't physically distance, have any symptoms, or if you are with people who may be vulnerable to COVID-19.**

- ✓ Clubroom gathering limits indoors or out in public have been removed.

- ✓ Use of the club BBQ is unrestricted but should be utilised subject to the usual cleaning activities

- ✓ If we have a suspected or confirmed case of COVID-19. Advise the Club Property Manager 0412 941695 who will alert Council

This document will be reviewed upon further advice from Council
